Principal's Message

It is with great pride your school puts together this wonderful book of memories honoring our students and staff; our activities and accomplishments; and, our enthusiasm and dreams. For 35 years students have been taking their yearbooks home and paging through them and reflecting on times past and friends known. It is a ritual that we all relish and recall with fondness. Who did not look to see if their favorites had their pictures in the book and if their own picture got in and was it a good one! Who has not taken the book and quietly thumbed through to get the wave of good memories that comes from flashes of events and people. It is so human to use "scrapbooks" to preserve precious moments.

Thirty-five years of yearbooks would tell quite a story of our school. What was the size of each graduating class? How many students were in each years population? What clubs recur each year and which ones spring up because "of the good times"? What are the hair styles from each year? How did people dress in each decade? What were the fun pictures about? Do all kids think that dunk tanks and pie throwing are fun? Did all years have big football jamborees and huge crowds at basketball games in the gymnasium? When did rugby teams start at M.E.L.? Were there cheerleading squads in the first decade? What about wrestling? Just when did the great tradition of "Taste of LaZerte" start?

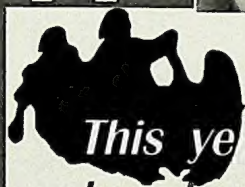

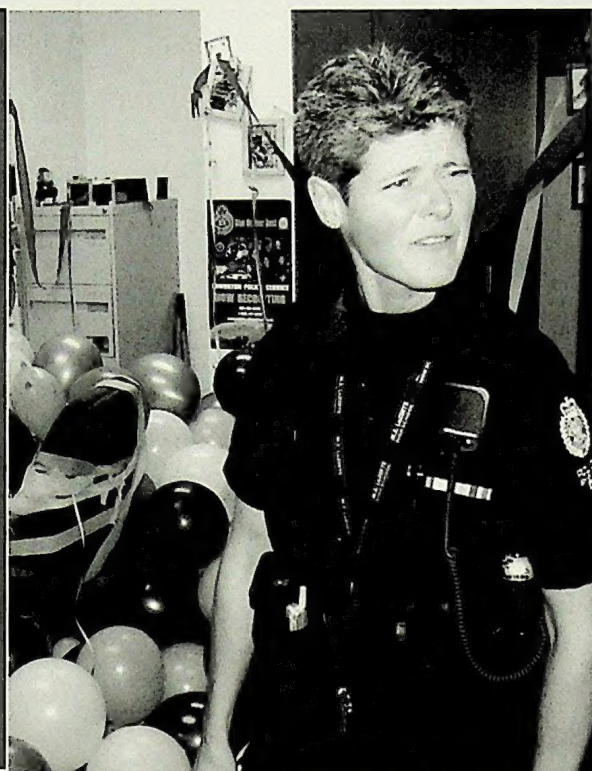

You will wonder, as well, how many thousands of young people have gone through this great school of ours. All those who entered the halls of M.E. LaZerte committed to becoming a Voyageur. They all knew they would be exploring new lands, encountering new cultures and creating a new and rich community of eager young teens. They have all been adventurous and spirited. They have all been north-east Edmonton kids, and darn proud of it. Belonging to this school has forever been a badge of honor worn with pride. Team work has been at the centre of all the work at this school always, just as moving the Voyageurs' canoes took well timed paddling and ease and co-ordination of movement. Our Voyageurs over the years have been passionate about their school, its reputation across the district and the success of team events. All Voyageurs have upheld the virtues of Voyageurs that include respect for the journey, for all voyageurs—and for the rough waters.

Hold on to this yearbook and its great pictures. You like it now but in 10 years you will cherish it and feel very nostalgic as you look through the book. It is a fine Yearbook. It is a fine school. You are fine Voyageurs!

-Ms. Susan Burghardt

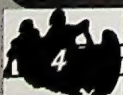

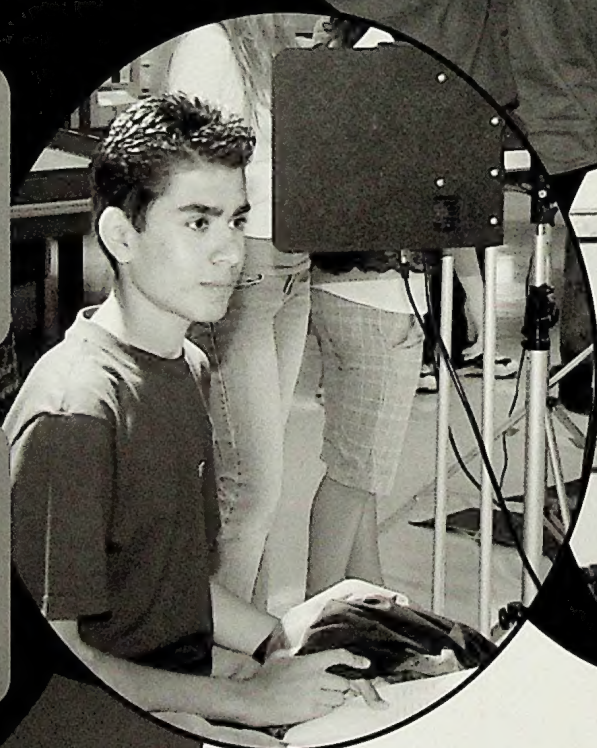

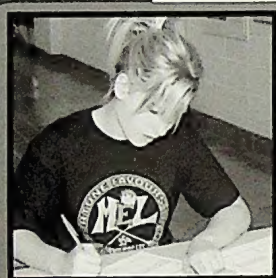

Year In Review

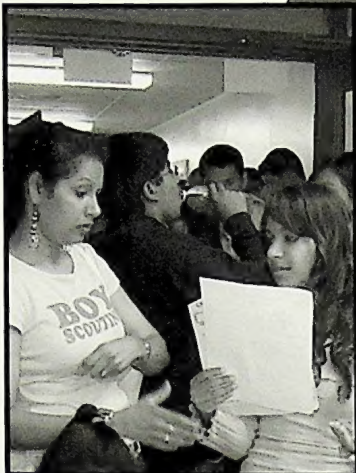

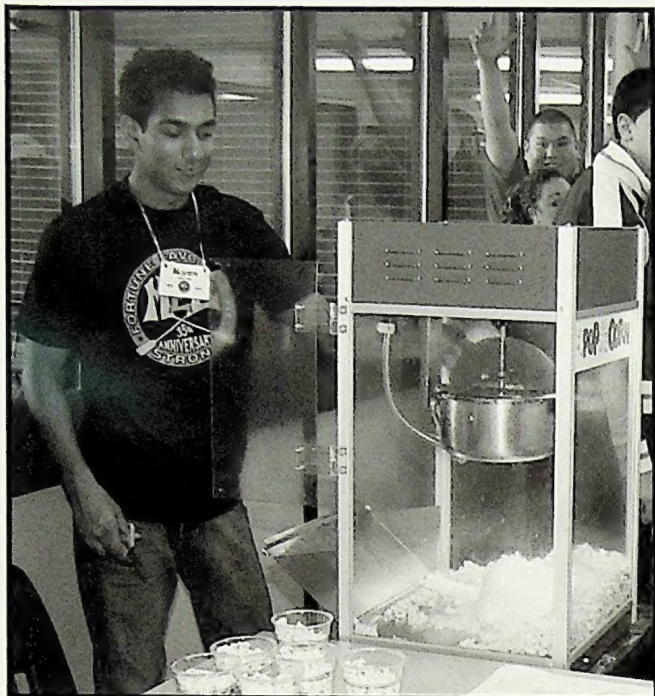

This year at M.E. LaZerte there have been many events to celebrate school spirit and personal accomplishments, including a Fine Arts night, Taste of LaZerte, Operation Christmas Child, LaZerte Idol and trips half way around the world. In this next section there are some things that show this joy, excitement and wonder of the school year that you may or may not have experienced. Experience now through these pages and these pictures, the wonder of LaZerte.

This classic play, written in 1934 during the height of the great depression, focuses on a group of workers about to go on strike. Although the play's political ideologies have long since diminished, the struggles of the working class and the controversial issues that surround unions still exist to this day.

Well another year has passed and it was a very successful and an enjoyable one at that. M.E.LaZerte's thirty fifth year could not have been better. The Students' Union has put together a tremendous display of the cultures at LaZerte via the "Taste of LaZerte", proven that they are the best by orchestrating the "Ultimate Battle of the Sexes", and enabled students to display their talents in M.E.LaZerte's first annual "LaZerte Idol". Through a countless amount of hours the Students' Union has made successes and memories. A huge thank you goes out to everyone who made this year such a vast success. Good luck to the future Students' Union.

LaZerte Idol

This year Students Union decided to join the evergrowing list of reality shows, and put on their very own LaZerte Idol. With many contestants, some good, some not so good, the students displayed talents including singing, dancing, juggling, rocking out and much more. Performers dazzled the judges over the course of a week, with eliminations being made each day. To keep with the reality package, the judges consisted of our very own Mr. Sisk, Mr. Whaley, Mrs. Tan and even a celebrity judge, Fearless Fred from 100.3 The Bear. In the end, Jennifer Pettitt came out on top as our LaZerte Idol.

Farewell ... Mr. Horton

After three years as a student and five years as a teacher here at LaZerte, Mr. Horton is finally leaving high school. Some of his students said farewell in a surprise party held in the cafeteria, which was filled with laughs and tears from everyone. We wish Mr. Horton a great time in his new school, and we hope he remembers the great times he had here at LaZerte, just as much as we will.

Administration, teaching, and support. These are the three main types of staff we have working here at LaZerte. With departments in each of them, it takes dedicated workers to keep this school running efficiently. This next section is dedicated to them and their relentless commitment to uphold the walls of M.E.

The men's rugby team had a very successful season this year, putting up a good show in both their league games, in the Druids and the Ross Sheppard tournaments. In 2006 we moved up a tier to the Premier division, fielding a team of 40 players, and advancing to the city semi-final. We had a number of outstanding players who have been recruited to play club rugby, in addition to Daniel Stang and Dean Read who won the Voyageur Spirit and MVP awards respectively.

The season was a success. The boys worked extremely hard but came up a bit short. We placed 2nd in Ardrossan and 4th in Kimberly. Our trip to Kimberly was a lot of fun and the team really bonded. We had a very close group that wanted to work hard for each other.

The Senior Woman's Volleyball Team had an exciting and memorable season. The highlight of the year was our trip to Kimberly B.C. to play in the Selkirk Classic. The girls showed a great deal of improvement on the court this season, but their character off the court is what made them stand out as an amazing team. They were a dynamic group of young ladies who had an incredible sense of team camaraderie. They were a pleasure to coach throughout the entire season.

The senior boys basketball team had an eventful and memorable season. The boys finished the season with another 20 win season under their belts. The highlight of the boys season was a first round playoff win over the Scona Lords. The boys then advanced to the semi finals and lost the eventual provincial champs. The boys also played 5 tournaments which took them from the southern tip of Alberta to the former home of the NHL's Jets.

Congratulations to the Senior Women's Basketball Team who won silver in the City Final Championship. The girls had a tough season and battled hard at the end to come in second overall. This is Captain Chelsey Waldie's last year with the team, as she is in Grade 12. We wish her the best of luck in the NAIT All Star game and all her future endeavors. Also leaving for brighter and better things is our Team Manager, Fauzia Gova. Thanks for everything Fauzia; our team would have been lost without your organization and positive attitude! Our leading scorer, Dahabo Hersi and Assistant Captain and point guard Lisa Langston, along with several other senior members, will be returning next year to lead the team to another victory! Congratulations again, and good luck next season!

Hi. The Badminton season is going well. We are, it looks like, going to attain second place. Most valuable player went to Jonathan Chang and most improved player to Eu-jin Loo. The players presented very nicely commented cards to all the coaches and we finished off regular league play with a nice meal at Olive Gardens.

Our badminton team made a strong showing in this year's round of badminton. We played in the City's semi-finals round but were unable to beat our main competitors, Ross Sheppard. Some of our team members will be participating in the preliminaries for provincials, with our school hosting the boys' doubles preliminaries event. We hope to be even stronger next year since we have great potential in our players that will make our team next year—our goal: making it to the City's finals.

Coach - Mr. Moro

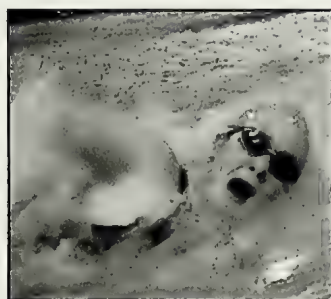

The 2005 -2006 wrestling team had a very successful season placing 3rd in the Zone Finals. Honourable mention goes to Desmond Jones who went undefeated and captured the gold medal in the 82kg. weight class. Also, it was the first time we had girls participate as members of the Voyager wrestling team. They made a huge contribution to the team as two of our girls, Amber Ravensdale, and Brittany Nouwen placed 2nd and 3rd respectively at the Zones. With some of our returning athletes M.E. LaZerte looks poised to take home gold in next years Zone Wrestling Championships.

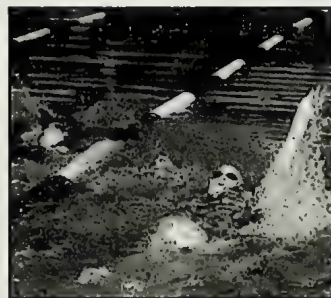

Swim

The swim team had a great year! We had a nice group of students who practiced 5 mornings a week, competing on Fridays at various pools around the city of Edmonton. The swimmers competed in the breast stroke, fly, free and back stroke, varying from 50 m to 200 m long.

The team showed school pride each and every time they swam. Excellent ambassadors for M. E. LaZerte.

Fortune Favors The Strong

35 Years Of LaZerte

genesis

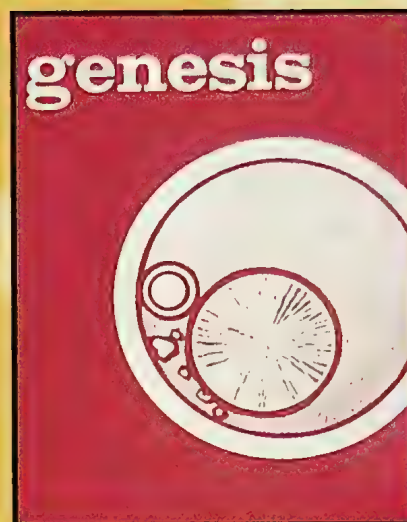

PORTAG

The school of M.E. LaZerte has seen many events and changes within its walls over these last 35 years. A collection of photos from the past and the present has been amassed for your enjoyment. Check out the "Then and Now" pictures of some of M.E.'s current teachers and previous students. As the old saying goes, a picture is worth a thousand words. Even these pictures aren't enough to express all that has happened, but it is certainly a worthy attempt.

Yearbook Archives

Over the last 35 years the school has evolved and along with it so has the yearbook. It all began in 1971 with the aptly titled yearbook "Genesis", pictured on the right.

1972

1979

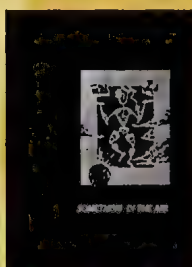

Pictured to the left is the 1987 yearbook featuring the title "Back to the School Year (86-87)". The back cover was even captioned "To Be Continued..." Somehow the yearbook club wasn't sued for copyright infringement.

The yearbook of Y2K pictured to the right had one of the most beautiful covers. With the caption "Journey Into the Future" there was also a holographic door opening from a midnight scene into a bright sunlit day.

1995

1996

1997

1998

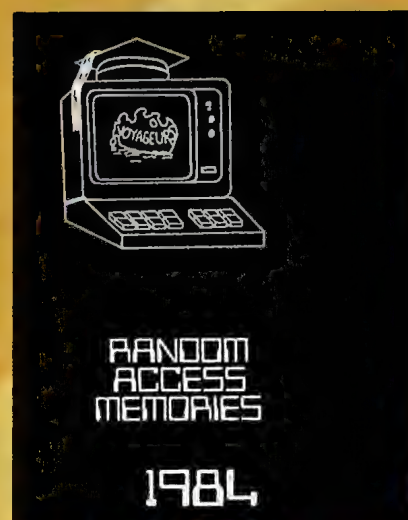

1999

Most of the subsequent yearbooks were then named 'Portage'. No, the word does not mean 'Yearbook'. Actually, it is the technique depicted in the 1975 yearbook pictured to the left. Of course, some generations have more of a sense of humour. Take, for example, the 1984 yearbook on the right.

Beautiful Faces

This is my 19th year at LaZerte. I have taught several thousand students, including several of our staff members' children, and even one current teacher at Lazerte, Mr. Horton. It has been very rewarding to work in this school full of vibrant young people.
Mrs. Senuik

I have been at this school since 1990 or so. The staff and students at M. E. Lazerte are indeed very special people! They inspire me every day to be, "the best that I can be!"
Mrs. Gibbs

I attended M.E.Lazerte as a student from 1980-83. I started working here at the school in 2000. I love this school and working here as well. I will always be a Voyager!
Ms. Chartrand

Mr. Sumyk has been teaching at M.E. LaZerte for 15 years. One of his funniest moments was when he came to school with his shirt on inside out, unbeknownst to him.

Animal Club

ANIMAL CLUB

Mr. Wright

The Animal Club appeared in the 1979 yearbook. Maybe the idea of having to watch where you step kept this club from going on any longer.

Cartoonists Club

The Cartoonist Club appeared in the 1984 yearbook. Many of their works were featured in the yearbook itself.

Clubs That Have Bitten The Dust

Canoe Club

CANOE CLUB

The Canoe Club was very popular here at M.E. It went on for many years and no one is sure why it ended.

Folk Club

The Folk Club appeared in the first year M.E. LaZerte opened, and strangely enough never continued.

RADIO CLUB

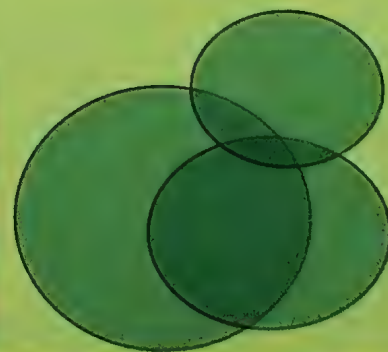

MEMBERS: Dan Guebert, President; Andre Brunger, Vice-President, Head Tech.; Sandy Bingham, Secretary; Mark Archibald, Radio Operations Manager; Gunti Albrecht, Cameron Colquhoun, Norbert Frank, Valene Glashoerster, Robert den Hartigh, Nancy Kinsman, Randy Talbot, Calvin Wayne.

Starting in 1973, M.E. had a radio station. However, it faded out in the last decade. It was called "CLCH the LaZerte students radio station". It played before and after classes, keeping students informed on the hot topics of the day.

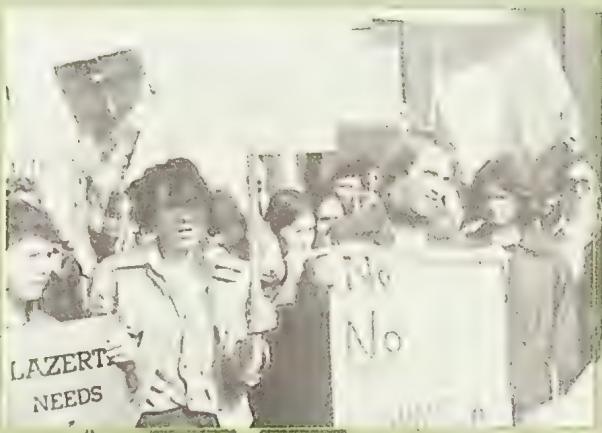

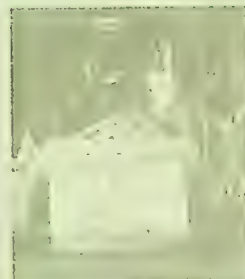

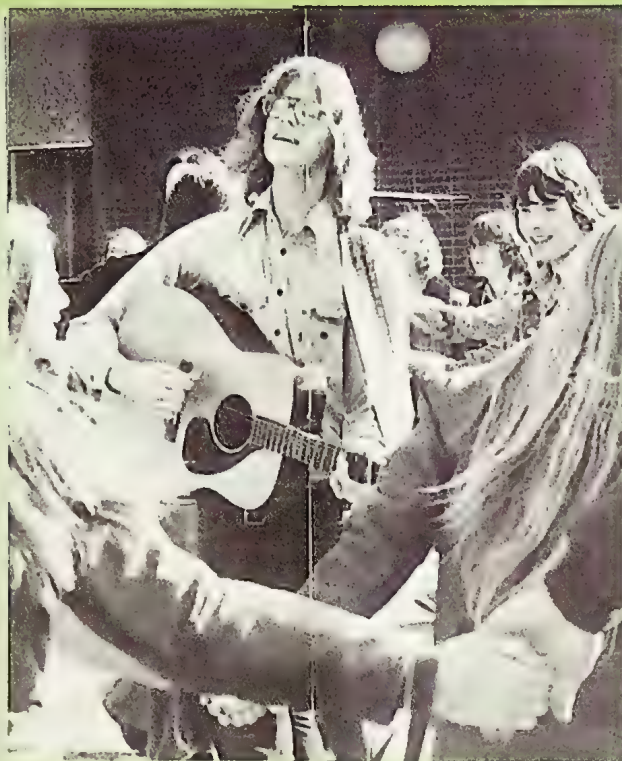

CLCH RADIO

Unfortunately, the radio club did not last and slowly disappeared from the student body, but it is still remembered as a part of LaZerte's history.

LONDONDERRY POOL

DEMANDED OUR RIGHTS

In the 1974-1975 school year our fellow M.E. LaZerte students protested outside of the school using a picket line, singing songs, and trying to point out that our school needed a pool. Obviously, we won.

*They used slogans like these:
"We'll duel for a pool"
"Where is our pool?"
"No pool, no school"*

Milton Ezra LaZerte

1885-1975

Every teacher that learned the ropes of their profession in the University of Alberta's Faculty of Education owes a debt of thanks to Milton Ezra LaZerte. The man who spurred on the creation of the undergraduate program that led to the University's first-ever Bachelor of Education degree made an indelible mark on the city's scholastic landscape for almost 60 years.

LaZerte was born in tiny Dixon's Corners, Ontario on June 13, 1885. After earning his B.A degree in honours mathematics and physics in 1904 at the University of Toronto, he headed west to attend Calgary Normal School, a teachers academy.

Alberta needed motivated people to help set its course in not just education, but all areas. LaZerte wasted little time moving up the ladder. After serving as the province's rural schools inspector from 1913 - 1920 (with a three-year interruption for military service) and the city's school inspector for three years, he joined the University of Alberta staff in 1924. While there, he was granted his Masters in Education degree. Later he earned his doctorate from the University of Chicago.

LaZerte also became president of both the Alberta Teachers' Association and the Canadian Teachers' Federation. He eventually became principal of the school's College of Education in 1940. That department became the Faculty of Education two years later, and LaZerte, as the faculty's first dean,

To the left: Milton Ezra LaZerte while he worked for the UN.

Below: The last official picture that was taken of M. E. LaZerte.

paved the way for the undergraduate degree program.

To this day, the University presents the M.E LaZerte award to the top graduating student in its Faculty of Education.

Another history-making move occurred in 1949, where all Normal Schools in the province closed leaving the University responsible for training elementary school teachers. LaZerte took command in organizing and directing the first programs for total teaching at the University, before retiring as dean in 1950.

But LaZerte's constant need to stay active made his golden years far from uneventful. From dean of the Faculty of Education for the University of Manitoba to a three year stints as an Edmonton alderman and later chairman of the Public School Board, LaZerte maintained his influence. At age 85, LaZerte attended the official opening of the school named after him on November 27, 1970, before retiring the following year.

Mechanics

Wondering how to maintain, service, and basically keep your car from falling apart? M.E LaZerte's Mechanics course is a great opportunity for an extensive and hands on learning experience. Students are able to take advantage of the huge workshop, including all the tools you can imagine, while gaining life long skills.

Foods

Hunger has only one answer. Food. The skills of our Voyageurs' cooking is well known and can be found displayed throughout the year at various events. It doesn't matter where you go, the aroma of these taste tantalizing foods is just a sniff away.

Cosmetology

LaZerte currently has one of the leading Cosmetology departments in all of Edmonton. Students are able to give and receive the full spa package treatment including pedicures, manicures, facials and hair cuts. They're also given a chance to show off their talents at the annual Skills Canada competition.

Fashion

Fashion requires a certain finesse that Voyageurs possess, teaching them to turn simple pieces of fabric into elaborate and unique outfits. With precision cuts and an impeccable sense of design, students are bringing a whole new image to the world of fashion.

Comm Tech

Communication Technology consists of a variety of different skills required in lead production studios. Students can partake in and use M.E's very own photography studio, dark room, news broadcasting control room and silk screening. The course projects consist of photography, creating animations, movie trailers, and news broadcasts.

Computers

M.E LaZerte Computer students are always kept up to date on the latest technological advancements and programs. The course consists of learning how to operate these programs like Photoshop and Powerpoint in order to create and present new proposals and ideas.

Languages

M.E LaZerte is filled with a variety of different nationalities and cultures and we have all sorts of language courses to prove it. Students can learn French, Ukrainian, Mandarin and Spanish. You'll not only speak the language, but learn the traditions and way of life in that country as well.

Landscaping

Landscaping is a great hands on course where students can learn and gain the skills required by all landscapers. They are given tasks such as building retaining walls, cement slabs, model golf courses, planting and designing yards.

Music

Music is the art of sound by which ideas and emotions are expressed. People can relate and connect to it on different levels and to a variety of styles. M.E LaZerte's Band, Choir and Guitar classes accommodate all the musical tastes of students and provide a sound proof room where they can rock out. Music students perform for Fine Arts, Grad and numerous other events.

Phys Ed.

Physical Education is not only fun and exciting, but it's physically rewarding as well. It has become extremely popular among the students of LaZerte as they're able to learn and participate in a wide array of sports and activities. Voyageurs can be found within the walls of the Elniski Gym and Fitness Center learning skills they will be able to carry with them throughout life.

Construction

With guidance from knowledgeable teachers such as Mr. Knipe, Mr. Gifford and Mr. Morro, construction students were able to transform blocks of wood into professional pieces of furniture. Their assignments consisted of creating miniature houses, night tables, picture frames, chess boards and deck chairs, all of which they could then keep for their own personal use.

Well, what can I say, in these past 3 years, so much has gone on so I wanna say alhamdulillah and thanx to everyone that stuck by me during everything that's happened, my family, my friends(luv ya!), and my teachers.

Sahar Aloneissi
I'm going to miss everything. My friends: Amanda, Ms. King, Crazy Sabz, Andrea, Saja, Deenie, Aman. High School Would have not been the same without you guys. It's true what they say, High school really is the best three years of your life!

Ameen Amirie
First and foremost, I would like to thank Allah. Additionally, I would like to thank my family and friends for all their help and the support they have provided me with. The last three years have gone by so fast, but they were good ones. Congradz to all the gradz!

Mitchell Anderson
High school was great but its time to move on. The past three years have meant more to me than any other time of my life. I came into high school not knowing what I was able to accomplish, I now leave with no regrets. Thanks to my parents, friends, and coaches for their support.

Andrew Andresen
Seems like it just started, and it's already over. It's been a blast, surrounded by the best of friends you could ask for, and to leave with greatest memories. Catch ya later.

This is the not just the ending of high school, but the beginning of a new opportunity. "What you need to know about the past is that no matter what has happened, it has all worked together to bring you to this very moment." I enjoyed the past few years; the people I've met, the things I've gone through... I wouldn't trade it for anything else in the world. And remember "you are braver than you believe, stronger than you seem, and smarter than you think." - Winnie the Pooh => I + I = I circle you always.

Grade Twelve was a fun year for me. I will most definately remember this great year, and everybody that has made this year such a great experience. Thank You!

Amber Dion Thunderchild

Coming in to high school was a bit scary for me, but I knew I could do it. These passed three years were filled with memorable ups and downs anybody can go through. I have never met the most amazing people (my friends and staff) in my life coming to this school. I never expected to graduate but I believed in myself and so did others. So, let's make the most of it. Let's Graduate!!!!

Wow... high school is finally done. Good times. My best friend Lisa. Always & Forever. Awesome times with her... I'll never forget. Live each day as if it were your last with no regrets. Through high school I had no regrets. I knew who my friends were and learned to be who I am. Clare & Shawn show that true love does exist. Don't just give your heart out, life is about finding that one that makes you smile uncontrollably, and makes you feel that life is so worth living. High school - good times and bad, but I wouldn't have changed it for the world. Thanks to those who made it through with me... and thank-you Lisa for always being there. Lots of Love, Hope for love, Wish for the best, Dream to be happy & Believe in yourself.

The thirst for knowledge is never quenched. Stay true to yourself and to your morals. Know that trust is only what you make of it, and friendship lasts as long as you want it to. Strength is kept through honor, and honor through humility. Stand firm. Walk straight. This is what I took from my years here.

12 years of spending most of your life at school is now over. But yet there is still the rest of your life to figure out... Once we leave we'll be entering a whole new world and we'll be scared...HAHA NOT!!!!!! School is finally over. No more getting up early. Can spend your time lazing around... But it was great while it lasted. If it wasn't for the friends and the sports, school would've sucked. Props out to all my friends that I have to leave behind, and you know who you are. Have a great Summer!!! Peace

On the one hand, I'm finally through with high school. No more CAS and tedious IB paperwork, but on the other hand, I won't get to come to school and see all the people I've really come to like: friends, teachers, people I don't really know. I'm gonna miss all of everybody, you've made it fun and I hope I still see some of you later. :D 0957016

The ability to succeed is not acquired by oneself, it is grinded by the friendship and support of friends and family. I want to thank them for their support; they allowed me to look forward to a great future for myself. Thank you Guys :)

Valedictory Address

ERIC LUONG

Good evening graduates, friends, family, teachers and esteemed guests. I am greatly honoured to have the chance to speak here this evening. Before anything else is said, I would like to extend a thanks, on behalf of the graduating class, to everyone here tonight. Thank-you to the teachers who woke us up when we fell asleep; thank-you to the families that complained only slightly at our 4-AM cram sessions; and thank-you to our friends and everyone else in our lives for the support that we have received over the last 12 years.

As the valedictorian, I am obligated to use some sort of sweeping metaphor, but it is difficult to describe our high school years in so brief an address. The trials, the joys, the tribulations and the celebrations are too many to count. It is just as difficult to speak of life – it is a vast concept and all too difficult to fully grasp or capture in a single metaphor.

Life is a war. In this war, school is a battle. Keep in mind, of course, that whereas life is magnificent, there is no glory in war. By this image of conflict, I do not mean to invoke thoughts of struggling and hopelessness, although I am sure some of you may disagree. Rather, I speak of strength in the face of adversity. In school, as in life, we are assaulted by myriad difficulties that we must surmount. We may become one of the casualties at any time, but we aspire to rise up in the ranks and do something great.

How about a simile instead? Life is like... a box of chocolates. You never know what you're gonna get. Okay, it's not an original thought, but it still works well, doesn't it? As the comparison suggests, life is, in many ways, random and arbitrary. At one moment, everything is perfect; the next, nothing is working. But luckily, each Pot of Gold comes with a guide. Before I pick a chocolate, I always refer to the card that tells me what each one is. It isn't always easy – at times the swirls on top of the chocolates all look the same – but the end result is certainly worth it. Our years of education have given us something like that card – with every class and every exam we have been given knowledge that will guide us for the rest of our lives, no matter what fate throws our way.

There are many more metaphors possible. The valedictorians of the previous two years have used different images, comparing life to a puzzle that we are putting together and a journey on which we must choose our path. The grad song this year is "Ride of Your Life" and it contains yet another metaphor. There are so many different ways to look at life – perhaps life is simply the search for the perfect metaphor.

Friends, fellow graduates, we have come a long way. We are here tonight to celebrate an end, but this is just the beginning, and we should celebrate that as well. There are bigger battles to come. There are more chocolates to eat. There are more pieces to the puzzle. Our time at LaZerte has been but one step –

we have a vast distance yet to cover. The metaphors can go on and on. Graduates, as we look on into the future, I urge you all to continue searching for that perfect metaphor and find what life truly is to you.

A valedictorian is one who gives a valedictory. A valedictory is a goodbye – a message of farewell as we depart and go our own ways. But before the end, I'd like to propose a toast. In lieu of glasses, I ask the graduating class to raise their goals – aim higher and farther. I ask that everyone here lift their spirits and their hopes, for in this room is the potential to govern our nation, to cure cancer, to change the world.

Here's to the years, the months, the days,
that guide us on our separate ways.

Here's to LaZerte, where we have grown
and learned that we are not alone.

Here's to our friends and family
and all those who've taught us to see.

Now as we head into the mix,
here's to you, Class of 2006!

Thank-you, good luck, goodnight and goodbye.

Grad Fashion Show

With a full house of over 250 people, 31 models, two main coordinators and one staff advisor, the 2006 grad fashion show was an undeniable success. Many thanks go out to the numerous clothing stores, the Beauty Beat Salon Concept and all the volunteers who worked behind the scenes.

The evening included three scenes – "School Days", "Around Town" and "The Big Night". A musical interlude by Ashley Ollie took place between the first two scenes, while Jennifer Pettitt and Linda Nguyen took to the stage just before the third.

Ms. Laurie Houston, along with coordinators Amy Lee and Lynne Wong, dedicated countless hours into ensuring the night's success. Besides raising money for commencement and banquet, they also put on an amazing show for an audience that never ceased cheering and whistling. Despite some technical difficulties, the Spring 2006 Grad Fashion Show was simply spectacular!

Grad Commencement 2006

It isn't often when a man can wear a gown and not get insulted. It isn't often when 500 students ALL wear gowns at the same time. However, this phenomenon took place on May 31, 2006 when the 2006 graduating class of M.E. LaZerte gathered at the Shaw Conference Centre to take their turn at walking across the stage. Students came with their family and friends to celebrate what the graduates had achieved over the last twelve years. Chelsea McLeod and Fauzia Gova hosted the evening and the audience members enjoyed performances by the M.E. LaZerte Band and Choir. Trustee Wendy Keiver, the Acting Superintendent of Schools Edgar Schmidt, Principal Susan Burghardt and Mr. Fred Keating gave their congratulations and words of advice to the class of 2006. Student Union President Justin Kon and Valedictorian Eric Luong had the privilege of speaking as well. The evening was concluded by Jennifer Pettitt and Ashley Ollie singing the Grad Theme Song "Ride of Your Life" by John Gregory, accompanied on guitar by Justin Kon.

The years have flown by quickly, leaving in their wake memories – the highest highs and the lowest lows, great achievements and abysmal failures. Everything has culminated to one moment – graduation. On June 2, 2006, M.E. LaZerte graduates celebrated the end of their high school careers and the beginning of the rest of their lives. The students came to the Shaw Conference Centre with proud family and friends, all dressed in crisp tuxedos and beautiful gowns and, of course, wearing the brightest smiles. With exquisite dining, wonderful speeches and hectic dancing to end the night, the 2006 Grad Banquet was certainly one to remember.

EDITORS MESSAGE

Another school year has past. With exams to write and games to win, every voyageur has put their share of dedication into this school year. Whether it was volunteering in the library or making the last play of the game to win the championship. The Voyageur spirit shines through. Thanks to everyone who help put the 2005/2006 yearbook together. Special thanks to Eric Luong, Rebecca Barber, Wasima Jomaa, Nancy Truong, and Amanda Romick, who put in an incredible amount of work, and without whom this yearbook would not have been the same. Of course, without the help and guidance of Mr. Candido and Ms. Merchant, we could not have put this yearbook together.
